Cell: (901) 412-4412
Email: synergytechgroup.com

My career represents 32 years experience in transportation, management and sales with UPS, Nolan's Audio/Visuals and Synergy Technologies Group, LLC. I see myself as and take pride in being a visionary who inspires those around me to aspire to do more. My ability to find value in every opportunity throughout my career, recognize changes and adapt to circumstances have served me well in business and in life.

I've managed to leverage my skills and training to consistently drive production, increase customer satisfaction, revitalize sales and most recently build a business from scratch.

Career Summary

Most recently I serve as principal and owner of Synergy Technologies Group, LLC. Our firm specializes in providing consulting, design, programming, sales and service in audio/visual integration, digital signage, tele-medicine, distance learning, paging, intercoms and low voltage cabling.

Our mission is to help people communicate through the use of technology. We help our clients achieve their organizational goals and compete more effectively.

Among our many accomplishments as Synergy Technologies Group, LLC we've had the honor to design, sell, install and/or support audio/visual systems for:

First Horizon Corporation
Baker, Donelson, Bearman, Caldwell and Berkowitz, PC
Oden Marketing
Federal Express Corporation
Volvo, Lexington, TN
Memphis City Schools
City of Memphis
Southwest Community College
Blue Mountain College, Blue Mountain, MS
Mississippi State University, Starkville, MS
Schermerhorn, Nashville, TN

Shelby County Government

As impressive as our list of clients are, what I take the most pride in are the ongoing relationships we still enjoy with all!

The keys to our success have been:

- Understanding the clients need and applications.
- Leveraging my team's combined talents and expertise into generating multiple revenue making opportunities.
- Product identification and positioning.
- Developing values and culture of success.

It's incumbent upon me when we work with clients to insure that the implementation process and the support after the sale does not interfere with the company's productivity and therefore their bottom line.

Prior to my position with Synergy Technologies Group, LLC, I was the Senior Sales Account Rep for Nolan's Audio Visuals, a career that spanned from 1987 to 2004.

My responsibilities included the design, sale and on occasion the installation of audio/video systems as well as advisor and recommender to the company. I identified potential opportunities, initiated relationships and developed overall strategies which increased our market share and our overall bottom line.

From 1975 to 1985, I worked for UPS in Chicago, IL. My tenure began as a part-time dock worker loading trailers and within a couple of months I was sent through UPS supervisor training school and promoted to supervisor where I supervised 8 employees and ran several successful inbound and outbound operations. These operations were generally classified as "hot spots" resulting in yet another promotion as customer service representative.

This was the first of its kind with UPS, initially three people were chosen to start the program and I was one of the three selected. My primary responsibilities were to act as liaison between the customer, our management staff and the employees.

I would keep all abreast of prices, tariffs and policy changes. I was also responsible for auditing the accounts for pricing and packaging discrepancies. I requested and was granted a transfer after 2 ½ years to Harvey, IL where I settled and ran a 22 man loading crew prior to my relocation to Memphis, TN in 1985.

Education

>Austin High School, Chicago, IL 1970 - 1974

>Wilber Wright Junior College, River Grove, IL 1974 - 1976

>UPS Training Course Certificate of Satisfactory Completion – awarded	1976
>Institute for Professional Development, Indiana University Certificate of Video Technologies and Sales – awarded	1987
>The Sony Institute of Applied Video Technology Hollywood, CA Certificate of Recognition Electronic Field Production – awarded	1987
>Memphis Minority Business Development Center Certificate of Recognition – awarded	1988
>Sales and Marketing Executives of Memphis, INC Distinguished Sales and Marketing – awarded	2000
Leadership Memphis Executive Class	2010

Affiliations

- >State of Tennessee Department of Commerce and Insurance Licensing Contractors
Board certified contractor for audio and video wiring for audio visuals and intercom.
- >Memphis and Shelby County Telecommunications Advisory Committee
Mentoring and raising awareness.
- >Memphis Minority Business Council “UCA CERTIFIED “

I have over 22 years of direct engineering experience in various capacities. I am currently the Manager of Electric Distribution Systems Engineering. In addition, I have also taken over the acting role as Vice President of Engineering and Operations in the absence of my Vice President from August 2007 to January 2008. Some of my previous managerial/supervisory positions held were Manager of Safety and Environmental Engineering, Manager of Energy Services and Marketing, Assistant Manager of Environmental and Energy Use, Project Engineer Level 5, Supervisor of Reliability and Power Quality, Lead Electric Planning Engineer, and Lead Power Quality Engineer. I have exceptional management skills in the area of providing leadership to starting and seeing challenging projects to completion. I have good interpersonal relationship skills in the areas of customer, community, and employee relations. I also have extensive experience in the areas of business such as negotiation, budgeting process, finances, and prioritizing resources. I have good communication and team building skills. My subordinates and peers have described me to be a dynamic person with exceptional people skill. I am considered by customers to be polite, hard working, honest, and professional. My superiors have described me as exhibiting good leadership qualities, self-motivated, creative, welcoming challenges, and devoted to seeing projects through to completion. I thrive on new challenges and perform extremely well under extenuating circumstances.

I am currently serving as an engineer member (representing West Tennessee) appointed by the Governor of Tennessee, Phil Bredesen, to the Tennessee Board of Architectural and Engineering Examiners. In addition, I am serving as an electrical engineer member appointed by the Mayor of Memphis, Dr. Willie Herenton, to the Memphis/Shelby County Joint Electrical Code Board. I have authored and co-authored over 25 technical papers over the last several years. I am currently serving on different technical committees such as the Institute of Electrical and Electronics Engineers (IEEE), National Fire Protection Association (NFPA), American Public Power Association (APPA), and the Electric Power Research Institute (EPRI). I am an adjunct professor at the University of Memphis in the Department of Electrical and Computer Engineering. I am affiliated to many professional organizations such as the IEEE, National Society of Professional Engineers (NSPE), Tennessee Society of Professional Engineers (TSPE), Memphis Engineers Club, and the Memphis Joint Engineers Council (MJEC).

I hold a Bachelor of Science in Electrical Engineering from the University of Tennessee, Knoxville, a Master of Science in Electrical Engineering from the University of Memphis, and a Master in Business Administration (MBA) from Union University, Jackson, Tennessee. I am a registered professional engineer in the State of Tennessee.

Detail Curriculum Vitae

Philip K. Lim

I have held a number of positions in many different functions in Memphis Light, Gas, and Water Division. One of the most recent functions is the Manager of Electric Distribution Systems Engineering. In this function, I am in-charged of the daily operations and functions of the electric distribution systems engineering area. The department is responsible for planning the transmission, substation, and distribution systems, capital improvement projects budget, distribution network systems, reliability, and power quality.

- October 2008 to Present **Manager of Electric Distribution Systems Engineering**
Oversee and direct the daily engineering function of Systems Planning, Reliability and Power Quality, Property Managements, and Electric Distribution Engineering.
- Feb. 2010 to Feb. 2011 **NERC Project Team Leader**
Led the MLGW's NERC Project Team in the NERC registration process. MLGW was successful in becoming a NERC registered entity in the area of Distribution Provider (DP), Transmission Owner (TO), Transmission Planner (TP), and Transmission Operator (TOP).
- August 2007 to Jan. 2008: **Acting Vice President of Engineering and Operations**
Oversight and directed the daily engineering and operational functions of several large departments dealing with Electric, Gas, Water, Customers Connections and Water Lab.
- January 2003 to Sept. 2004: **Manager**
Managed and directed the newly formed Safety Engineering and Environmental Affairs area. In-charged of the Energy Services and Marketing area.
- June 2002 to January 2003: **Project Engineer (Level 5)**
Job rotation into Budget and Rates area to help develop the division capital improvement projects budget. Assigned to assist Property Accounting area to perform pole attachment billing process. Conducted interconnection power flow studies for Independent Power Producers (IPP).
- September 2000 to Jan. 2002: **Supervisor of Reliability and Power Quality**
In-charged of the daily operations of the reliability and power quality area.
- March 1999 to Sept. 2000: **Electric Lead Planning Engineer**
Planned and projected load growth using load flow, spreadsheet,

and feederall programs. Developed and managed a three-year electric capital improvement projects budget.

June 1992 to March 1999: **Power Quality Engineer**
Started and developed a formalized power quality program for MLGW. Developed and managed a budget plan for training, acquiring power quality troubleshooting equipment, and computer equipment.

Feb. 1989 to June 1992: **Electric Design Engineer**
Performed detail technical analysis of the electric distribution system.

Outside MLGW:

July 1988 to January 1989: **Consulting Engineer**
In-charged of the daily operations of the laboratory. Performed research work on semiconductor devices.

Education: Union University, Jackson, Tennessee. Master in Business Administration (MBA), December 2004.

University of Memphis, Memphis, Tennessee. Master of Science degree in Electrical Engineering, December 1993.

State Technical Institute, Memphis, Tennessee. Business, Industry and Government Certificate in Microcomputer Software Applications, September 1992.

University of Tennessee, Knoxville, Tennessee. Bachelor of Science degree in Electrical Engineering, December 1988.

City and Guilds of London Institute, London, Great Britain. Full Technology Certificate, November 1981.

Singapore Technical Institute, Republic of Singapore. Technician Certificate in Electronics Engineering, September 1978.

Registration: Registered Professional Engineer in the State of Tennessee.

Publications: Published over 25 technical papers related to power quality and power systems.

Honors/Awards:

High Honor Student at the University of Tennessee, Knoxville, Tennessee.

Phi Kappa Phi Award at the University of Memphis.

Golden Key Society Award as Honor Student.

Outstanding Engineer Award 1993 - Memphis Section IEEE.
Outstanding Service Award 1994 - Memphis Section IEEE.
Thomas H. Allen Excellence Award 1994 & 2002 – MLGW.
Featured Engineer Award 1995 - Memphis Joints Engineers Council.
Outstanding Engineer Award 2000 – Memphis Chapter TSPE and State TSPE.
Outstanding Government Service Award 2008 – Memphis Chapter TSPE and State TSPE.

Professional Affiliation:

Institute of Electrical and Electronics Engineers (IEEE) - Member, Chairman of Memphis Section and Tennessee Council.
National Fire Protection Association (NFPA) - Member.
American Public Power Association (APPA) – Past Chair of Systems Planning
Gas Technology Institute (GTI) - Member.
Electric Power Research Institute (EPRI) - Past Chair of the Power Quality Interest Group.
National Society of Professional Engineers - Member.
Tennessee Society of Professional Engineers - Member.
Engineers Club of Memphis - Member.
Memphis Joint Engineers Council - Member.
Tennessee Board of Architectural and Engineering Examiners - Engineer Member - this position is appointed by Governor Phil Bredesen.
Memphis/Shelby County Joint Electrical Code Board - this position is appointed by Mayor Willie Herenton.

Personal:

Religious Life - Member of Kirby Woods Baptist Church. Past Chairman of the Deacon Body. Serve as a member of the Finance Committee at Kirby Woods Baptist Church. A Discussion Leader for Bible Study Fellowship, an international bible study program.

Hobbies - Collecting and repairing old radios, water sports, shopping, and cooking.

Other - Adjunct Professor of the Electrical Engineering Department at The University of Memphis. Adjunct Professor of the Department of Continuing Education at the Union University. An Instructor for the EPRI Advanced Power Quality course. Served as a member to the IEEE 1100 (Emerald Book) Technical Working Committee.
