Professional with 14 years of experience in organizational leadership, community building, and civic engagement through skills in:

Public/Corporate/Government Affairs
Leadership/Advocacy
Community Relations
Event Planning
Program Planning/Implementation

Cultivating Relationships
Coordination
Writing and Editing
Organizational Planning
Development/Fund Raising

SUMMARY OF QUALIFICATIONS

Government Affairs

Accomplished in designing and implementing advocacy and communication strategies to engage residents and stakeholders and influence local and state decision-makers. Developed campaign to support redevelopment of neighborhoods resulting in partnerships with 36 community-based organizations. Secured funding support from Memphis Housing Authority, United Way, Community Foundation, and Women's Foundation. Implementation of Safeways initiative working with private sector, Memphis Police Department, University of Memphis, and Shelby County District Attorney office. Developed comprehensive community strategy for Southeast Memphis. Developed policies and strategies with local government and others to decrease problem properties and blight.

Community Building

Proven expertise working with local government officials, citizens groups and the public to generate concrete results. Managed funding totaling \$2.3 million resulting in an additional \$11 million in financial support for business development, workforce development, and community development. Facilitated strategic planning, organizational development, assistance, and funding for community-based organizations. Developed partnerships with financial institutions to support investment in communities. Developed and implemented community-based planning strategy to engage residents and other stakeholders around re-entry, site-based services, place-based management, youth development, and neighborhood enhancement.

Organizational Skills

Demonstrated ability to establish objectives and performance goals, monitor progress toward their achievement and set priorities based on changing requirements. Managed working relationship with the University of Memphis to conduct research on neighborhood blight. Successfully managed the redesign of the Neighborhood Small Grants program to expand service provisions to include project support funding, technical support, training, and planning. Supported a neighborhood collaborative to leverage resources, build relationships, and expand community voice in the Peabody-Vance community.

Murry-Drobot, page 2

Served as Chairperson for Girl Scouts of the Mid-South 95th Celebration with 3500 attendees.
Served as member of Executive Committee for Girl Scouts. Developed business development initiative providing training, technical assistance, and lending for low-wealth communities.
Served as Chairperson for Tennessee Network for Community and Economic Development.
Serve on the Executive Committee for the Community Development Council.

Communication Skills

Proven ability to communicate orally and written in a variety of venues. Experiences include 35 speaking engagements at national, regional, and local venues including conferences, workshops, forums, and discussions including Department of Housing and Urban Development, Memphis Light, Gas, & Water, National Vacant Properties Campaign Conference, West Tennessee Regional Conference, Community Development Partnership Network Conference, Delta LISC, Operation Safe Community Briefing, and Applied Anthropology conference over the past fourteen years.

David Andrews Bio

David Andrews graduated from Hillcrest High School and attended Memphis State University majoring in marketing. Mr. Andrews grew up in the auto business and is a third generation auto dealer. He began his own auto business in 1975 and in 1986 founded City Auto Sales on Union Avenue. Two years later City Auto Sales moved to Elmore Road off Covington Pike, which is its present location. Under his leadership, City Auto Sales has grown to be the largest independent pre-owned auto dealer in the South.

David learned early on that this business must be conducted with the support of many friends and associates who share the excitement and difficulty of operating a successful business. He has a variety of other business interests, mostly revolving around the automobile business. David is active in his church, the Boy Scouts of America and The Dream Factory.

SENIOR VICE PRESIDENT and CHIEF FINANCIAL OFFICER

Profit & Loss Analysis / Regulatory Compliance / Strategic Planning / Financial Planning & Reporting / Internal Controls / Cost-Benefit Analysis / Cost Reduction & Avoidance / Debt Management

Senior Vice-President and Chief Financial Officer with 30+ years experience leading and directing dynamic teams in the academic healthcare finance arena. Distinguished performance as a member of the executive management team, providing strategic leadership, vision and tactical action to deliver improved financial performance, and profit results. Successful track record of developing and implementing improved processes and procedures.

PROFESSIONAL EXPERIENCE

VANDERBILT UNIVERSITY MEDICAL CENTER, Nashville, TN 1977 – 2009

Vanderbilt University Medical Center (VMC) has a 135-year history as a leader in medical education, research and patient care throughout the Southeast and the nation. Vanderbilt has been named among the nation's top 100 hospitals by Thomson Reuters, and is the only Tennessee health care provider ranking eight of its adult medical specialties among the nation's top 50 by U.S. News & World Report.

SENIOR VICE PRESIDENT AND CHIEF FINANCIAL OFFICER (2000 – 2009)

VICE PRESIDENT AND INTERIM CHIEF FINANCIAL OFFICER (1999 – 2000)

Appointed to the faculty of the School of Medicine of Vanderbilt University as Assistant Professor, Division of Medical Administration (1999)

Member of the medical center's Executive Team. Directed and oversaw all aspects of Finance, Space & Facilities Planning and Plant Operations (810 FTE's) for Vanderbilt University Hospitals, Medical Group & Clinics, academic & research enterprise of the schools of Medicine & Nursing, and the Vanderbilt Healthcare subsidiaries. Scope of responsibility included Patient Revenue Cycle, Business Development & Corporate Decision Support, Financial Training, and Financial Systems Coordination & Support.

- Controlled annual operating budget (\$2.3B) and capital budget (\$100M+) of VMC.
- Led annual budget kick-off meetings with senior leadership and key department heads; cultivated management buy-in for performance improvement initiatives.
- Formalized a financial strategic planning process; examined department level operational goals, consolidated and interpreted inputs and data ensuring consistent distribution across the organization; utilized strategic plan as a roadmap to drive the annual budgeting cycle.
- Developed a process that coordinated the intended projects and the capital spending objectives for incorporation into the University financial plan.
- Integral to expanding an overbuilt campus into an underperforming and underutilized retail space. Developed a long-term financial plan to support moving wellness functions off-campus. Resulting in improved cost effectiveness and patient access to preventive medical treatment while providing space for critical care services on campus.
- Developed functionally matrixed quality improvement teams charged to create reproducible dashboards with drill down capabilities for clinical managers to identify and correct adverse patient outcomes. Enabled leadership to quickly identify and develop corrective measures. Example: recognized by The University Hospital Consortium - reduced Ventilator Acquired Pneumonia incidents.
- Implemented an aggressive billing and collection process resulting in revenue benchmarks among the top 10% in nation for metrics including percent collected, days of revenue outstanding and cost to collect. (i.e., Hospital: 1999/64 days, 2009/46 days; Medical Group: 1999/102 days, 2009/36 days).
- Revised policies and created financial parameters focused on controlling, managing and minimizing the levels of uncompensated care provided and reduced infrastructure processing costs.
- Established an asset inventory process to manage over \$2B in property, plant and equipment.
- Negotiated \$1B+ (net) in debt financing; managed the issuance of both taxable and tax-exempt bonds and commercial paper.

PROFESSIONAL EXPERIENCE (Continued)

VANDERBILT UNIVERSITY MEDICAL CENTER, Nashville, TN (Continued)

SENIOR VICE PRESIDENT AND CHIEF FINANCIAL OFFICER (Continued)

- Created an electronic dashboard of indicators to assist managers with decision-making. Integrated cross-functional metrics - including quality of care information and human resources information - with financial data to provide a comprehensive view of performance indicators.
- Led Medical Center through period of accelerated growth, with over 40% net revenue increase from 2000 to 2009. Balanced infrastructure needs with market share projections and economic trends.
- Directed the federal reimbursement process for Medicare/Medicaid programs, and a broad array of grants and contracts; established an effort reporting system to maximize reimbursements.
- Created "numbers day" to bring strategic leaders together monthly with the intent of creating a "transparent" financial culture. Achieved and surpassed initial charter to educate and engage department chairs and strategic managers in understanding roles in financial management.
- In response to 2008/2009 and continuing economic conditions, orchestrated a financial review process that resulted in a cut of discretionary spending, renegotiating supply costs, and a hiring and compensation freeze.
- Represented Medical Center as a member of the team that corresponds with rating agencies regarding University activities; maintained an AA credit rating throughout tenure.
- Developed and implemented "best practices" using Sarbanes Oxley standards. Created an internal role to focus specifically on assessing, critiquing and documenting internal control processes.
- Developed a risk assessment quadrant that provides management guidance for monitoring and controlling risk. Earned buy-in from Board of Directors to create a team that defined a Risk Assessment Officer role and identified high-risk areas of the University.
- Partnered with executive team to strengthen VMC's financial position and develop short and long-term strategies to meet financial objectives. Developed unique one-time approaches to critical financial solutions and utilized an annual review process to maintain and fine-tune cost structures at or below benchmarks. Improved operating margin from .5% in 1999 to 5.4% in 2009.
- Strategically managed patient care revenue cycles. Systematic reviews were conducted to identify gaps and/or inefficiencies on an established cycle. These were conducted by internal resources and 3rd party experts. As an example, a 3rd party organization that was equipped to conduct collection functions on accounts identified as self-pay was engaged and operated as extension of VMC. Generated improved collections and reduced write-offs.
- Developed a mergers/acquisition and new business function that reviewed opportunities to expand services and patient care. Performed a business case analysis and submitted best case/worst case scenarios to strategic leadership. Integral to business acquisition team involved with final assessments and negotiations.

DIRECTOR OF FINANCIAL MANAGEMENT (1993 – 1999)
